The Boring Bull is a website that educates and demonstrates the power of **Quantitative Investing**. Our model uses a variety of financial indicators, macro indicators and overrides to create the best odds of success.

Remember

Win Rate: 84%

The Boring Bull Model is Like Counting Cards in Blackjack

Just because the count **IS** in your favor, does not mean you will **Win**.

Just because the count is **NOT** in your favor, does not mean you will **Lose**.
